MEMORANDUM

DATE: September 11, 2001

TO: Michael J. Kelly, Director  
START Group

FROM:

  
James T. Joyce  
Fire Commissioner

SUBJECT: CHICAGO FIRE DEPARTMENT  
MSA S.C.B.A. PROGRAM

Michael:

I would like to take this opportunity on behalf of the Chicago Fire Department to personally thank you and the members of the START Group for a job well done.

The Chicago Fire Department's transition into the new MSA Self-Contained Breathing Apparatus was handled in the highest professional manner imaginable.

You should be very proud of your organization and the members that make it up. Their actions have spoke louder than words and have gained the START Group the highest respect from this great department.

Thank you for your leadership, assistance and dedication to the fire service.
