

Clearwater Paper Fire Department

To **START** Group:

I just want to thank you and especially your instructors for the training that they gave to the members of the Clearwater Paper Fire Department on May 19th and May 20th 2012 for High/Low Angle Rope Rescue Techniques. We have been using your group since 2008 and as always, your style of instructing and training goes above and beyond what anyone expects!! The members of the Clearwater Paper Fire Department look forward to the bi-annual trainings that we receive each year. **START** Group instructors are always professional and courteous. Each instructor is always prepared to show new techniques and not afraid to answer any tough questions. The knowledge that we receive from the experienced instructors goes a long way and is used to better our department with helping citizens that need it. From new students to long time members, we can always be assured that the best possible training will be from the members of **START** Group and look forward to the future trainings we will receive.

Again, Clearwater Paper Fire Department thanks you.
